This bibliography has been compiled in an attempt to fill the many requests which the Department of Indian Affairs and Northern Development has received from teachers and librarians for materials available on, by and about Indian peoples for use with children and young people. Although this initial list is not annotated, a more comprehensive edition is forthcoming which will contain additional entries as well as evaluations of many of those entries included here. French titles will also be included.

As this initial bibliography goes to press, selected titles are being read and evaluated by Canadian Indian university students so that the forthcoming editions will be a more authoritative guide to the selection and purchase of materials for children and young people.

Future editions are planned so that a continually updated, annotated bibliography will be available.

No attempt has been made to be selective in the inclusion of entries. Rather, it is being left to Indian students to read and review critically making value judgements as they see the issue in each title, expressing their ideas of the value of each.

Note: Purchase and rental prices indicated are subject to change without notice.

Cette bibliographie a été établie dans le but de répondre aux nombreuses demandes que le ministère des Affaires indiennes et du Nord canadien a reçues de la part de bibliothécaires et d'enseignants au sujet d'oeuvres d'écrivains indiens et de documents sur les indiens, susceptibles d'intéresser les enfants et les adolescents. Cette première liste n'est pas annotée, mais une édition plus complète paraîtra prochainement. La nouvelle édition comprendra des entrées additionnelles, des titres français ainsi que la critique de bon nombre des ouvrages qui apparaissent ici.

Au moment où nous mettons cette première bibliographie sous presse, des étudiants canadiens indiens font la lecture et la critique d'un certain nombre de publications. Ainsi, les éditions ultérieures serviront de guide sûr pour le choix et l'achat de tout matériel destiné aux enfants et aux adolescents.

D'autres éditions sont prévues, afin que le public puisse disposer d'une bibliographie annotée et constamment remise à jour.

Nous n'avons pas cherché à faire de sélection dans le choix des titres réunis. Nous avons plutôt préféré laisser aux étudiants indiens le soin de porter un jugement personnel sur chacun des ouvrages, en toute liberté d'esprit.

N.B.—Les prix d'achat et de location indiqués sont sujets à changer sans avis.
